Elkhorn Area School District has adopted the Redefining Ready indicators to monitor our success. Redefining Ready uses research-based metrics to assess college readiness, career readiness, and life readiness more appropriately than state assessments. We invite you to view our district's redefining ready report cards at [www.elkhorn.k12.wi.us/page/redefining-ready](http://www.elkhorn.k12.wi.us/page/redefining-ready). Kids are more than a test score!

## GROWTH

This priority area measures year-to-year student progress on statewide tests. It uses a value-added model that seeks to control for circumstances beyond the influence of educators. A high value-added score means that on average students in the school are progressing more quickly than other, similar students. Growth is scored from 0 to 100 to match the other priority areas and is a conversion from the roughly 0 to 6 value-added score.

### Priority Area Score

■ This school's score was the same or higher than 5.8% of 6-12 schools in the state.

English Language Arts Score: 41.3

Mathematics Score: 50.8

### Student Group Value-Added (for information only)

Value-added scores cover an approximately 0-6 range. Higher scores mean greater positive impact. A score of 3.0 is average. Group size is shown in parentheses. Groups with fewer than 20 students do not have a score displayed. Shaded boxes indicate higher-than-average scores.

## TARGET GROUP OUTCOMES

This priority area examines outcomes for students with the lowest test scores — the target group. It is designed to promote equity by helping schools focus on learners who need the most support while also improving outcomes for all students. The priority area score combines component scores for achievement, growth, chronic absenteeism, and attendance or graduation rate. Data are not displayed when target groups have fewer than 20 students.

### Priority Area Score
